9 The officer referred to seems to be under the impression that while "satisfactory" evidence of age has to be given for purposes of State Life Insurance, the same degree of proof was not needed when the date of birth was given by him for entry into his service register at the time of entry into service.

10. From Art. 27 of the Annexure to M.C.A.C. Vol I, it is seen that officers are required to produce satisfactory evidence re: date of birth at the time of entry into service, and one of the forms of evidence considered satisfactory is: "Original Copy of horoscope or Correspondence at the time of birth supported by a declaration before the head of the office or an affidavit of a close relative. If the original horoscope was available this could have been produced alone. Instead of doing so, an extract from School registers supported by the Sworn testimony of his father-in-law" to that fact, was produced in that connection

Sir,

Subject: Date of Birth - Insurance Proposal.

I have the honour to state that I was confirmed as an Assistant Commissioner in Government Notification No.2358/C.B.2-45-1 dated 29th December 1945. In accordance with rules, I have to - submit my proposals for Insurance. As per instructions contained on the reverse of the proposal Form, I have to produce satisfactory proof of my date of birth. My date of birth according to my original horoscope, copy of which is herein enclosed for kind perusal, is 28th May 1918. But there is a difference of about 8 months - between this date of birth and the date of birth as found in the School Registers. When I drew my first salary, I produced the date of birth as found in my School Registers and my Father-in-law swore to that fact. As per para 3(iii) of the instructions contained on the reverse of the Proposal Form, an affidavit of the parent - of the applicant or a close relative who has knowledge of the - approximate date of birth of the proposer should be given. My Father-in-law knows me only since my marriage and the best evidence to which he could swear was the date of birth as found in the - school registers as he could not possibly have any knowledge of my correct date of birth. Now as I have to produce, while submitting the Insurance Proposals, satisfactory proof of age, I will - produce my horoscope according to which my date of birth is 28th May 1918. As there will be a small difference of about 8 months between this and the one given at the time of my drawing the - initial salary, I request that orders may kindly be passed to accept the date of birth as found in the horoscope, or the date of birth as found in the School Registers.

Early orders may kindly be passed so that I may submit my Insurance Proposals.

I have the honour to be,
Sir,
Your most obedient servant,
M D Shivananjappa
